NEW English Junior College HSC, Percentage: 67.00	JUNE 2016 – MAR 2017 Mumbai, Maharashtra
T.M.S HIGH SCHOOL SSC, Percentage: 69.00	JUNE 2014 – MAR 2015 Mumbai, Maharashtra

Experience

Hexaware Technologies (Junior Analyst)
Dec 2021- July 2023
- I have created a Megha Gold and Arab Jewels website for my client. It is a gold and diamond business related website.
- I have used WordPress (Elemenator) and PhP for creating this website.100% work was done by me only.
- Previously clients created multiple websites from outside, but their loading time is very slow. So, clients don't want to wait for loading so in this website I used less plugins so that loading time will increase because of this loading time is increased to 80-85%.
