ABOUT

Innovative professional experienced in JavaScript development and database management. Known for effective problem-solving and collaboration skills, contributing to successful project outcomes in fast-paced environments. I specialize in full-stack maintenance and frontend optimization, ensuring high-performance user interfaces and data integrity.

EDUCATION

M.H. Saboo Siddik College Of Engg **Aug 2017 – June 2021**

BTech - Information Technology

EXPERIENCE

Actal Digital, Mumbai, India SDE **June 2025 – Present**

- Spearheaded the end-to-end development of the Actal Digital official website and Aswan Real Estate platform using React.js.
- Developed dynamic, high-performance user interfaces using JavaScript, HTML5, and CSS3, focusing on responsive design.
- Built a reusable library of React components to maintain consistency across client projects,
- Implemented EmailJS for automated email receiving and collaborated on UI/UX optimization for premium branding.

SBI Securities, Mumbai, India SDE **August 2023 – May 2025**

- Developed and executed targeted PostgreSQL queries for precise data updates.
- Wrote logic-heavy SQL updates to handle sensitive data fields, maintaining 100% data integrity for financial reports.

- Automated "last modified" parameters within Excel to provide users with clear audit trails for refreshed data.

Hexaware Technologies, Mumbai, India SDE December 2021 – July 2023

- Responsible for the continuous improvement and daily feature updates of a comprehensive CRM tailored for Chartered Accountants.
- Refined UI components using React.js to enhance user workflow efficiency.
- Implemented server-side logic and RESTful APIs using Node.js to handle complex financial operations.
- Managed large datasets in PostgreSQL, optimizing performance for high-frequency daily transactions.

PROJECTS

Actal Digital Official Website Full-Stack Development

- Developed the official agency website using React.js, focusing on a modern frontend architecture.
- Link: http://actaldigital.com/
